

SDI Review Form 1.6

Journal Name:	Asian Journal of Probability and Statistics
Manuscript Number:	Ms_AJPAS_47615
Title of the Manuscript:	On Properties and Application of Lomax-Gompertz Distribution
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The author(s) should endeavor to type variables using math style, provided in equation editor. Example is Let X_1, \dots, X_n Under 2.7. Dataset I, II and III can be moved to the appendix while retaining the citations [13], [14] and [15] ...[20] The author(s) should read the paper thoroughly and effect corrections accordingly, like absence of punctuation found in line 295.	
Minor REVISION comments	Sub equation numbering should be checked such as (2.2.11), except if the journal wants it like that.	
Optional/General comments	The author(s) introduced a new distribution called the Lomax-Gompertz distribution which was developed through a Lomax Generator, proposed earlier proposed by other authors. The study is considered an extension of earlier works and it's an addition to existing body of literature.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
