(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	This paper deals with the activity of <i>Picralima nitida</i> extract for treatment of diseases and revitalization of body systems. It is important for the usage of the natural herob medicine, so I support it to be published after minor revision. 1, all equations must be written with equation editor, and all physical quantity symbols are written in italic format in equations, tables figures and context; 2, some regression lines seams not reasonable 3, the number of valid figure are not correct, the basic data only 3 but the results are report as 4-6	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
