

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	Annual Research & Review in Biology
Manuscript Number:	Ms_ARRB_47410
Title of the Manuscript:	THE RELATIONSHIP BETWEEN TRUNK LEG RATIO AND PEAK EXPIRATORY FLOW RATE IN 200 LEVEL MBBS/BDS STUDENTS OF BAYERO UNIVERSITY KANO.
Type of Article:	Original Research Article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>The paper was not amended to the requirements of the reviewer, for example:</p> <ol style="list-style-type: none"> 1. Still, some typo errors, here and there, eg., Background should be spelled as background. 2. There is no indication that ethics approval and permission were obtained in the paper. 3. Table 2 shows significant different between males and females in both PEFR and leg length, therefore correlational analysis should be done according to gender.
