

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	British Journal of Applied Science & Technology
Manuscript Number:	Ms_BJAST_30481
Title of the Manuscript:	EMODIN ISOLATION FROM THE LEAVES OF PTERIDIUM ACQUILINUM
Type of Article:	Original Research Article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
Dear Authors, I cannot understand the reason for not including bibliography data as references at the end of this manuscript. If these are unpublished data these should be mentioned and provide the main authors name et al....	

*****I cannot accept even at this present form. Authors need to clarify reasons for not wanting to include data supplementing this present form of this manuscript in the reference list. Otherwise there is serious risk for plagiarism and this is not good for your respected journal and me as a reviewer.**

Reviewer Details:

Name:	A. M. Kyriakopoulos
Department, University & Country	Greece
