**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<b>Introduction:</b> - there is no consistency in the introduction. - we must mention the problem of invasive plants, how to fight? - why you chose this species from all the invaders. - express the purpose of this study at the end of the introduction.	
<b>Minor</b> REVISION comments	<b>Results:</b> -Fig1: figure is unclear. choose other type of line -3.3. germination vigor and....: Improve the expression of the results, we do not say: `From Fig. 3 and Fig. 4, both indicators showed a tendency of rising at first and then decreasing`.  So, first describe the first figure (fig 3) and then the second (fig 4). -there is a contradiction between what has been written in the result and the graph (verify).  -Fig 2 and Fig 3 : must verify the letters of Statistics (b is absent in the graphs) <b>Discussion</b> - the discussion is insufficient. -Add other recent references and all the better on this same species.	
<b>Optional/General</b> comments		

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>	

As per the guideline of editorial office we have followed VANCOUVER reference style for our paper.
