

SDI Review Form 1.6

Journal Name:	Biotechnology Journal International
Manuscript Number:	Ms_BJI_46966
Title of the Manuscript:	Effects of Temperature on Seed Germination of invasive plant <i>Rorippa amphibia</i>
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link: (<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Title: What it means the number 1 above the specie's name? Check the name of the plant. In the title and keywords it is different (<i>Rorippa amphibia</i>) and in all text is <i>Rorippa amphibious</i>. Adopt one form only in the entire paper.</p> <p>Introduction: Second page, line 2: Correct the word "agenus".</p> <p>Methodology: What is "The paper dish method"? Would not be petri dish method?</p> <p>Results: The graphic about Daily relative germination rate is not the better way to express it. I suggest put this results at table. Item 3.2: Check this sentence: "And there was no significant difference between three temperatures in which ...". Which temperature are they? 10, 15 and 20°C, right?</p>	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<u>(If yes, Kindly please write down the ethical issues here in details)</u>
