<b>Compulsory</b> REVISION comments	The article titled 'DETERMINING TEMPERATURE EXTREME IN WARRI CITY, NIGER-DELTA REGION, NIGERIA' is very interesting. However, it is not ready to be published due to the following reasons 1. the in introduction part is not written well, the paragraphs are not presented in local way and there are lot of repetitions of ideas 2. The methodology part is not clear at least to me. Please re-write the methodology in detail and define all variables used to compute the index 3. Do not write write sentences or presenting ideas that you are not confident in it. Make sure you write something you understand its meaning. 4. Make sure the reference in the text are cited in similar format 5. The author should indicate at the end of the introduction the purpose of conducting this study. What is the problem he/she want to address? 6. The abstract section should be re-written to include the purpose of the study and the main findings
