General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty'**, provided the manuscript is scientifically robust and technically sound.
To know the complete guideline for Peer Review process, reviewers are requested to visit this link:
(http://www.sciencedomain.org/page/sdi-general-editorial-policy)

PART 1: Review Comments

	Reviewer's comment	Author's comment *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	1. Two different referencing styles are being followed **2. sentences need a revision for English** **3. insufficient referencing is there.** **4. grounding to literature review is weak** **5. Numbering of the sections in the manuscript is not clear.** **6. results should be discussed in more depth. The research output is not clear as it only mentions results. Even the results validation is missing. Kindly incorporate the same .**	
Minor REVISION comments		
Optional/General comments	The work is good but the research paper is not written in accordance to format of research writing , where literature review, result validation and result discussion are absolutely weak	

PART 2:

	Reviewer's comment	Author's comment *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Are there ethical issues in this manuscript?	*(If yes, Kindly please write down the ethical issues here in details)*
