

SDI Review Form 1.6

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_46595
Title of the Manuscript:	Occurrence of Anthracnose Disease of Turkey Berry (<i>Solanum torvum</i>) at Bunso, Eastern Region, Ghana.
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link: (<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The paper is important because it aims to provide information to improve the health and productivity of <i>Solanum torvum</i> In materials and methods, no reference is made to the amount of fruits evaluated, nor the environmental and productive conditions from which the samples were collected. The research manages to identify the pathogen causing the anthracnose in <i>Solanum torvum</i> , fulfilling the objectives of the work which are poor. the information generated could be increased if the conditions and areas with the highest incidence of the disease are identified	
Minor REVISION comments	The paper provides valuable information which is not fully exploited in this paper, which could be improved or used for a new paper. The bibliography consulted is outdated could include citations of recent years	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
