This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none"> 1. There are some writing errors in the text that I highlighted them. 2. In line 27-28, Key words should be written after the conclusion part of abstract. 3. In line 53, and licochalcone A are examples..... Please, revise the sentence. 4. In line 61, anticonculsant and sedative properties of <i>E. ivorense</i> stem bark extract..... Need reference. 5. You could summarize the idea of the use of medicinal plants in two or three sentences, it is very extensive and they lack more information of the type of biological activities that you need to talk about. 6. In line 66, changes "spectrometry" by "Spectrometry" 7. In line 84, changes "pet ether" by "petroleum ether" 8. In line 120, (1)..???? 9. All English gramar should be revised throughout the text 	
Minor REVISION comments	<ol style="list-style-type: none"> 1. All English gramar should be revised throughout the text. Grammatical errors need to be corrected. 	
Optional/General comments	The study design is good.
