

SDI Review Form 1.6

Journal Name:	Journal of Applied Life Sciences International
Manuscript Number:	Ms_JALSI_47000
Title of the Manuscript:	Investigation of Hepatoprotective and Antioxidant Activity of Celosia argentea Against Tissue Injury Caused by Rifampicin Administration
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none"> 1. This is an animal model therefore the protocol must be ethically investigated prior to be conducted. Did you get a certificate of approval? If so, you should declare it clearly in the manuscript. 2. DPPH and ABTS are not common abbreviations thus they should not be used without their full word in the abstract. 3. How did you give the rifampicin and <i>C. argentea</i> extract to the rats? 4. You should brief the ways you performed Trolox Equivalent Antioxidant Capacity assay and DPPH (2,2-Diphenyl-1-picrylhydrazyl) radical scavenging activity assay so readers can understand the results of these assays. 	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
