SDI Review Form 1.6

PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|--|---|
| Compulsory REVISION comments | <p>Title</p> <ol style="list-style-type: none"> 1. The whole work seemed to be centred on <i>S. enterica</i>. Kindly indicate so in the title. 2. Write PMQR in full. Also introduce the full meaning of the abbreviation in the text before its first usage. <p>Abstract</p> <ol style="list-style-type: none"> 1. The abstract is a bit clumsy. Kindly rewrite with the following headings: <ol style="list-style-type: none"> i. Aim ii. Study design iii. Place and duration of study iv. Methodology v. Results vi. Conclusion <p>Refer to the guideline thus: http://www.sciencedomain.org/journal/57/authors-instruction</p> <ul style="list-style-type: none"> References should be cited in square brackets '[]' <p>The list of references should be formatted in accordance to the guidelines.</p> <ul style="list-style-type: none"> Line 54 – 56: Provide a reference. Briefly describe the procedure used for isolation and identification of bacteria. Line 65: write 'procured' instead of 'precurred' Line 69 – 70: it is improper to vortex the bacteria suspension before standardization for susceptibility test. Rewrite the statement suitably. Note that McFarland's is one word, not Mc Farland's. Table 2: Replace 'Disc potency' with 'Disc content.' Also note that the unit is µg NOT µg/ml. Also write Resistant isolates instead of Bacteria isolates. Line 161: qnrS or qnrC Line 181 – 183: the description here does not fit the image presented. Kindly harmonise. | |
| Minor REVISION comments | | |
| Optional/General comments | | |

PART 2:

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
