

SDI Review Form 1.6

Journal Name:	Journal of Advances in Microbiology
Manuscript Number:	Ms_JAMB_48010
Title of the Manuscript:	Assessment of Physicochemical Qualities of Oilfield Wastewater in Bayelsa State, Nigeria
Type of the Article	<u>Original Research Article</u>

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The study needs to add a comparative factor of standards and other yardsticks. This will allow the establishment of what obtains at any given point of wastewater quality issues. The introduction is not sufficient and needs recent literature citations.	
Minor REVISION comments	There are several typing errors and grammar needs to be improved.	
Optional/General comments	The paragraphs and spacing need to be improved and perhaps be joined.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
