PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments		
Optional/General comments	The following strong reasons: 1. Abstract- The Readability and flow of the abstract with regard to the area of the research is not fully clear, contributions and objectives are not mentioned. Results and outcome is also not properly forseen while drafting the abstract of the paper. 2. Introduction aspect, is not complete in itself. It requires more comprehensive information so that it is better worked out regarding what aspects the research is carried out and what novelty is attained. 3. Literature- Lots of serious Grammatical and English Flow mistakes are there. The paper section of Literature requires re-drafting as the language is not working in proper sense.	

PART 2:
