PART 1: Review Comments

	Reviewer's comment	Author's comment *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	Your algorithm is a fixed-step solver (integration step of 0.1). It was also compared with other fixed-step solvers in the study. This fact needs to be included in your Abstract and Conclusion.	
Minor REVISION comments		
Optional/General comments	Consider presenting the result in Table 1 and Table 3 using graphs.	

PART 2:

	Reviewer's comment	Author's comment *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Are there ethical issues in this manuscript?	*(If yes, Kindly please write down the ethical issues here in details)*
