PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	**The research article is a publishable article, the research work is germaine. The abstarct is too lenghty, the statistical analysis is not too clear since 20 rats is used and no replication is done and a one way analysis is used how is the data analysed. The result is well discussed if clearification is made and the minor correction effected it can then be published.**	
Minor REVISION comments	**if clearification is made and the minor correction effected it can then be published.**	
Optional/General comments	**The paper is a publishable research work**
