

SDI Review Form 1.6

Journal Name:	Journal of Experimental Agriculture International
Manuscript Number:	Ms_JEAI_47871
Title of the Manuscript:	The role of ethylene on banana fruit ripening via sugar and starch metabolism
Type of the Article	<u>Original Research Article</u>

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ul style="list-style-type: none"> - Authors present as the main justification to the work that: "the consequences of these technologies on quality attributes are unknown." Indeed, ethylene use on banana is a worldwide diffusive technology. - The abstract should not contain un-explicative abbreviations, such as MCP. - Too many results, mainly unexplored, should be better discussed. - Confused, results should not repeat data from tables. - Also confused, discussion should be more concise. For example, at this study, no sensorial or genetic study were performed. - No conclusion is presented. - References are out of format 	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
