PART 1:

Journal Name:	Journal of Experimental Agriculture International
Manuscript Number:	Ms_JEAI_48113
Title of the Manuscript:	Experimental Investigations Problems of Drift in Aerial Spraying
Type of Article:	Original research paper

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
The revised manuscript is still poorly articulated and very incoherent. The abstract itself does not convey in clear terms the ideas the paper seeks to pass across. And finally, the findings of the paper have been poorly discussed. By my reckoning, very little has been done to revise the original manuscript.
