PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	**Good experimental research paper very much fit for publication by JEAI. However, the following points should be looked into before the paper is considered for publication.** **Subdivide the methodology section into: study area; data collection procedure; and data analysis procedure.** **Subdivide the results section following the specific objectives of the study.** **Discussion should be done in a more comparative fashion i.e. compare and contrast the findings of the paper with the findings of other researchers who have conducted related studies. Thus, more papers should be sourced and used to discuss the findings of the paper.** **Explain the practical and policy implications of the study.**	
Minor REVISION comments		
Optional/General comments	Good experimental paper fit for publication by JEAI. However, the aforementioned comments should be taken into account before the paper is considered for publication.	

PART 2:

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Are there ethical issues in this manuscript?	*(If yes, Kindly please write down the ethical issues here in details)*
