PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The subject of the research is important as it may provide alternative forms of insect control. Ricin may however be too toxic to use commercially and it would be interesting to hear the author's comments on the possibility of commercialization. The scientific quality of the work appears to be adequate although the authors English language skills needs a bit of attention and may require a thorough re-read before the manuscript is published	
Minor REVISION comments		
Optional/General comments
