

SDI Review Form 1.6

Journal Name:	Journal of Engineering Research and Reports
Manuscript Number:	Ms_JERR_46574
Title of the Manuscript:	Compressive Resistance of Groundnut kernels as Influenced by Kernel Size
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ul style="list-style-type: none"> - Authors should add writing the details about practices in two plantings in order to link postharvest qualities of these two groundnuts. - Introduction: Authors cited that the rupture of some seeds depended on moisture contents, but this research lack of information in this section. - Results: Authors should discuss that why SAMNUT 10 showed more rupture forces than SAMNUT 11 in all size (large, medium and small). - Results: Authors should discuss that why SAMNUT 10 showed more rupture energy than SAMNUT 11 in all size (large, medium and small). - Results: Authors should discuss that why SAMNUT 10 showed more def. at rupture than SAMNUT 11 in all size (large, medium and small). - Discussion: From their results, authors will recommend how to handling, processing and packaging systems for these two groundnut kernel after harvest? 	
Minor REVISION comments	<ul style="list-style-type: none"> - Line - Line 183-184: Lack of details of this reference - Line 229: (Gmelina arborea) change to (<i>Gmelina arborea</i>) - Line 236: (<i>pictacia terebinthus</i> L.) change to (<i>Pictacia terebinthus</i> L.) 	
Optional/General comments	-	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
