Compulsory REVISION comments	<ol style="list-style-type: none"> 1. The author show the different states' waste management situation in Nigeria from different literature in different year, but the data is from different year. Form the principle, the author cannot compare the gap. In addition, the author need to compare the situation and describe why the situation and institution are different in different state government. 2. If the author cited the other researches paper before or in the sentence, not in the end of sentence, you must show the author's name. Now, author's cited behaviour isn't adjusted to international traditions. For example,"[3] defined solid waste as a material that is no longer valuable which is not intended to be discharged through a pipe." should changed "Ajani(2008) defined solid waste as a material that is no longer valuable which is not intended to be discharged through a pipe". Please the author changed all paper cited information. 3. Which year the result are from in Table 2? 4. The author should compare the laws and regulations using the table, and describe the change among different laws and regulations.
