PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>Based on the authors explanation and considering all difficulties described to provide better technological and funding to go further with the research at this moment, I agree to publish the manuscript in the JGEESI in its final form. But, I suggest to the authors to never use this argument to get stopped in improving the quality of their researches, trying everytime to search for public or private partnerships, which are capable to make them achieve better scientific levels.</p>
