

SDI Review Form 1.6

Journal Name:	Journal of Geography, Environment and Earth Science International
Manuscript Number:	Ms_JGEESI_49295
Title of the Manuscript:	Geology, Palynomorphs distribution, Stratigraphy and Depositional Environments of Lewumeji and Idogun wells, Eastern Dahomey Basin Southwestern Nigeria
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment		Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none"> 1. The work is simple, clear and good in its scientific material. 2. 3. The work in general is acceptable for publication from my point of view after more linguistic scrutiny. 3. Please take into consideration the small notes that I have mentioned. 	<p>Abstract: The lithological description was done using hand lens, visual examination and dilute HCl. The palynologic sample preparation went through sample digestion, flotation and mounting on glass slides in order to determine palynomorphs contents such as pollen, spore and dinoflagellates present. This statement must put at the Material and methodology NOT in Abstract. Deductions : please write as (INTERPRETATION).</p> <p>Introduction: past environments: please write (PALEOENVIRONMENT). (biozones) : word is not important. That is enough (Biozonation) or Biostratigraphy.</p> <p>Palyno. Studies: Occurrence : please write (ABUNDANCE) or (Frequency) Biozones: Please redraw the tables and drawings to be clearer to the reader.</p> <p>Environment of deposition: Deduction of Paleoenvironment of deposition: please rewrite as : Interpretation of the depositional paleoenvironment..... Conclusions : palynological and Lithostratigraphy : please rewrite as: the lithological and palynological studies</p> <p>References : Must be written according to the present Journal policy.</p>	
Minor REVISION comments	More linguistic scrutiny		
Optional/General comments	NOTHING.
