PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	This is a very thorough and comprehensive review of the broad application of various products of the neem plant as herbal treatment for a wide range of afflictions. It makes a very strong case for further evaluation of these products in a seemingly endless array of applications. The review is extremely weak in its usage of proper grammar and the English language. Once these problems are corrected the manuscript is considered appropriate for publication.	
Minor REVISION comments		
Optional/General comments
