

**SDI FINAL EVALUATION FORM 1.1**

**PART 1:**

Journal Name:	<a href="#">Journal of Scientific Research and Reports</a>
Manuscript Number:	<b>Ms_JSRR_39075</b>
Title of the Manuscript:	<b>Model for Mathematics Teachers Development</b>
Type of Article:	<b>Original Research Article</b>

**PART 2:**

<b>FINAL EVALUATOR'S comments on revised paper (if any)</b>	<b>Authors' response to final evaluator's comments</b>
The revised paper is still highly theoretical if not conceptual. Not being a paper presenting a very exact result just like how exact sciences do, added investigation if not empirical support could be second to none to further establish the model's reliability and generalizability. Otherwise, if conceptual papers do qualify for the journal, it is seemingly almost ready for publication.
