

SDI Review Form 1.6

Journal Name:	Journal of Scientific Research and Reports
Manuscript Number:	Ms_JSRR_47441
Title of the Manuscript:	Foreign body granuloma after nasolabial folds injected with a new generation hyaluronic filler
Type of the Article	Case report

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	In this case report, authors describe complications on hyaluronic filler injection. The case is well described and documented. Although case reports not always need approval of Ethic commission, there should be the authors affirmation that the patient gave her written consent to publish her data and images.	
Minor REVISION comments	Some minor English correction	
Optional/General comments	Well written, well exposed, just missing if patient gave her written consent.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i> Yes, the authors did not mention if the patient gave her written consent to publish her data/images.
