General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The manuscript is quite interesting and scientifically OK. Authors should address the following comments urgently:</p> <ol style="list-style-type: none"> 1. The title should be reframed to suit the results. It should not capture ONLY Sex and Age because other risk factors will be included. 2. Many components of an article missing in your study (e.g No Discussion etc) 3. The methodology is quite shallow and not presented well. Check and Correct. 4. The same result is not advised to be presented in figure and table. Please check and expunge where necessary. 5. The Introduction should be rewritten with recent references. 6. Most references used here are obsolete. Please use recent ones (2015-2019 papers). 7. Add more risk factors to your study to make it robust rather than just sex and age distribution. 8. Check misspelled, typographical and grammatical errors and correct. 	
Minor REVISION comments		
Optional/General comments	The manuscript needs a general overhaul. The authors need to do more work to enable the paper ready for publication.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
