

**Editor's Comment:**

As per my careful observation of comments of reviewers for Manuscript entitled "

SCREENING WINGED BEAN (*Psophocarpus tetragonolobus* (L) DC) ACCESSIONS USING AGRONOMIC CHARACTERS"

I found that manuscript could be accepted after minor changes.

There is no any new references (after 2014) have been given in manuscript.

Before accepting manuscript authors must update reference list as well text to maintain quality of journal.
