

Editor's Comment:

The paper is accepted with more minor revision.

- Medical English should be revised again.
- Methods (in abstract): no need for details is to be written.
- References: Please, the authors may delete "p" from all references and write the number of pages directly (as done with the first one in the attached file).
- Some words are corrected (colored red) & others to be deleted as shown in the attached file.

Editor's Details:

Dr. Abdelmonem Awad M. Hegazy
Professor, Department of Anatomy and Embryology, Faculty of Medicine, Zagazig University, Egypt
