

Editor's Comment:

The manuscript entitled "Genetic Diversity and Responses of Some Selected Yellow Maize Genotypes to Stem Borer (*Sesamia calamistis* Hampson) infestation" (2018 JEAI 48972) cannot be published in JEAI in current form.

1. No weather conditions for conducting research were presented in the manuscript.
2. Technical improvement of the manuscript is needed.
3. The manuscript should be prepared in accordance with the pattern used in papers already published in the journal (<http://www.sciencedomain.org/page/general-guideline-for-authors>)
