

Editor's Comment:

I reviewed this paper and have a few comments:

1. The authors did not re-formulate the title, as one of the reviewers recommended;
2. They did not add any reference from 2017 and 2018, which is also a comment by the reviewers;
3. References need to be updated, because only 7 of the last 10 years;
4. List of references refer to the instructions for authors (the year of publishing the manuscript is not equal).

After correcting these items, the manuscript may be published in the JEAI.
