General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The whole document needs to be edited by a professional English editor Use Log₁₀cfu/ml as the standard symbol throughout the document Total coliform is not a species name hence must be not be italicized throughout the document Spelling of <i>Staphylococcus aureus</i> must be correct throughout the whole document Methods must be referenced against other published acceptable work Results section must be redone ensuring the following</p> <ul style="list-style-type: none"> Avoiding redundancy / repeating information e.g. Table 1 has information that is communicated in Figure 1 (a) Tables must use standard publishable formats All figures are sub standard. Pay attention on the following aspects <ul style="list-style-type: none"> Bars to include standard deviation bars X and Y axis to be labelled Descriptive titles to be used Don't use short names like Staph The figures are too many and redundant. Choose the few most important ones <p>Discussion must not repeat results but rather discuss them e.g. line 214-266 is not discussion but rather results explanation A study conclusion is required Confirm with journal requirements but I don't the title is Literature cited but rather References</p>	<p>Grammatical errors have been removed</p> <p>Corrections have been effected as per the comments of reviewer</p> <p>Result and discussion part has been modified</p> <p>All the in-text references have been numbered and reference list has been updated</p>
Minor REVISION comments	Word spellings and grammar throughout the document	
Optional/General comments	N/A
