

SDI EDITORIAL COMMENTS FORM

EDITORIAL COMMENT'S on revised paper (if any)	Authors' response to editor's comments
The author MUST effect all corrections before the manuscript should be considered for publication.	All corrections are effected
Author should read through the manuscripts and utilise punctuation marks as appropriate.	This has been done
Grammatical reconstructions should be considered where necessary.	Grammatical reconstructions have been applied where necessary
Tables and figures should appear strictly in accordance to the journal guideline, and not as the author placed them in this manuscript.	Tables and figures placement are in accordance with the journal guideline
Author must discussed the result of this work. The discussion was too shallow and may not be acceptable for publication in this journal if we must maintain a high standard of the journal. The author should adequately compare this work with other published articles as this was found missing in this manuscript.	This has been done
Author should be consistent with style of paragrapping	Paragrapping have been done to follow the indent style consistently

We appreciate the editor's comment on our research work. Please kindly point out further where corrections are still needed. We will equally revise and make corrections.
