Abstract Page

Title of the article:

Abstract:

Comment [D1]: Approximately 250 words

Context:

Aims:

Settings and Design:

Methods and Material:

Statistical analysis used:

Results:

Conclusions:

Key-words:

Key Messages:

Comment [D2]: Provide appropriate messages of about 35-50 words to be printed in centre box. Emphasise on new message derived from the manuscript

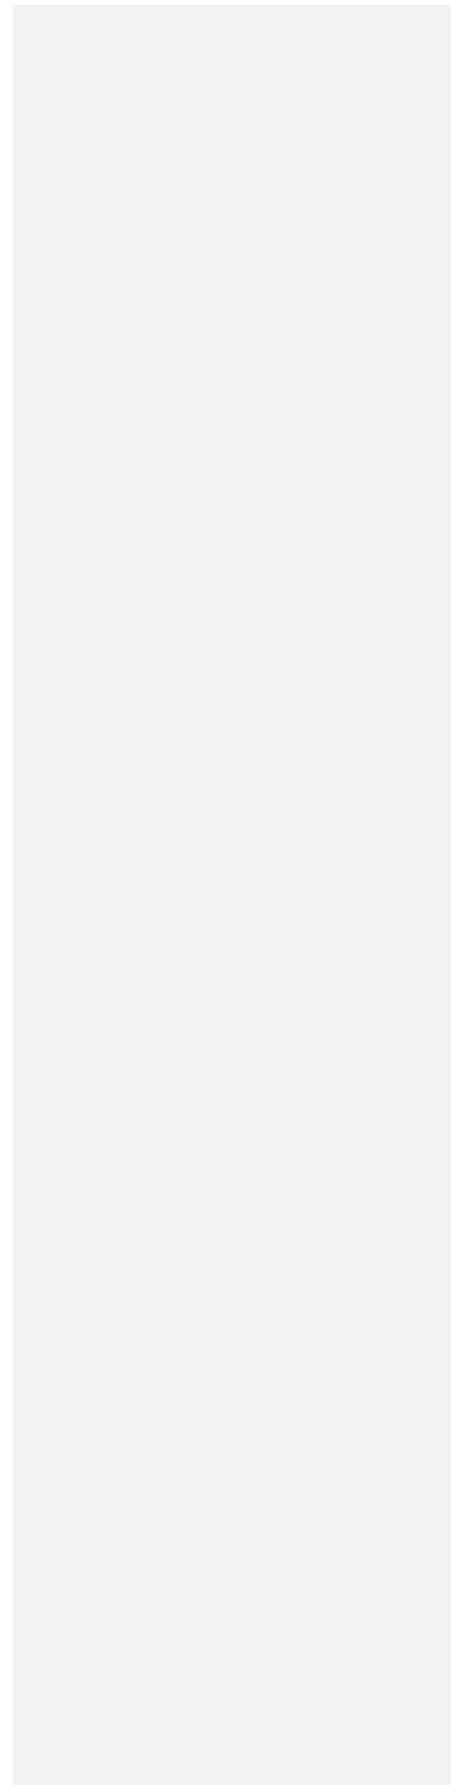

Comment [S3]: Platelet indices are significantly higher in patients with recurrent pregnancy loss and can be used for prediction of pregnancy loss among high risk cases and allow early intervention and prevention

Text

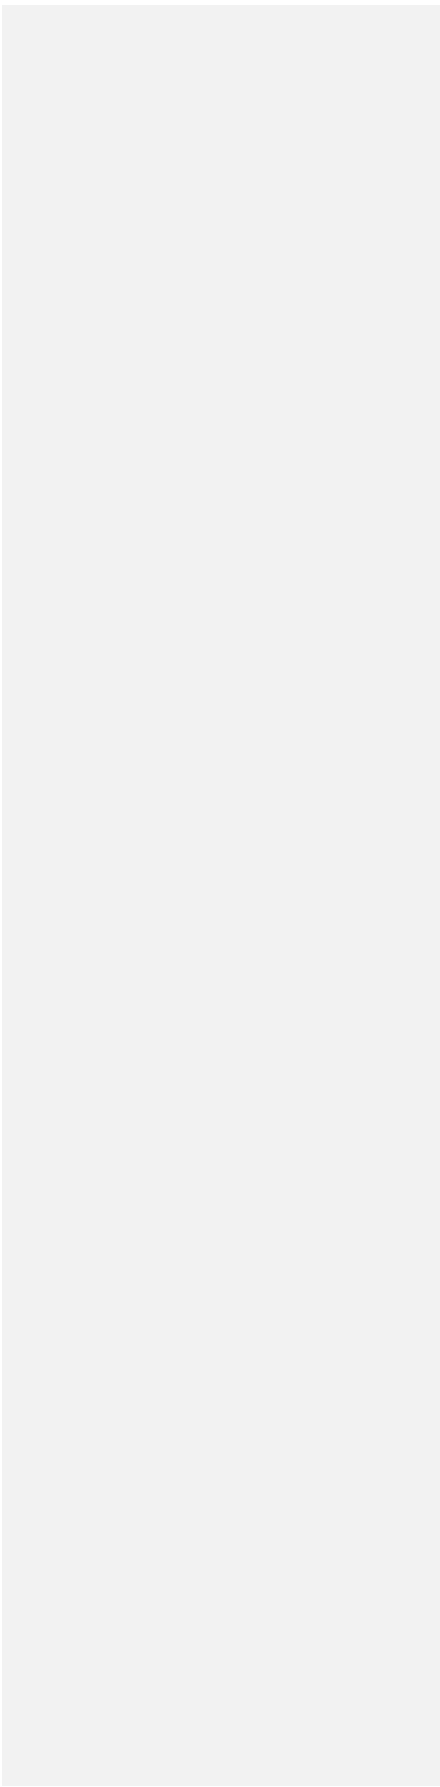

Introduction:

- Comment [D4]:** Include why this study was conducted, what were the aims and objectives of the study.
- Comment [S5]:** The objective of the study is highlighted at the end of Introduction

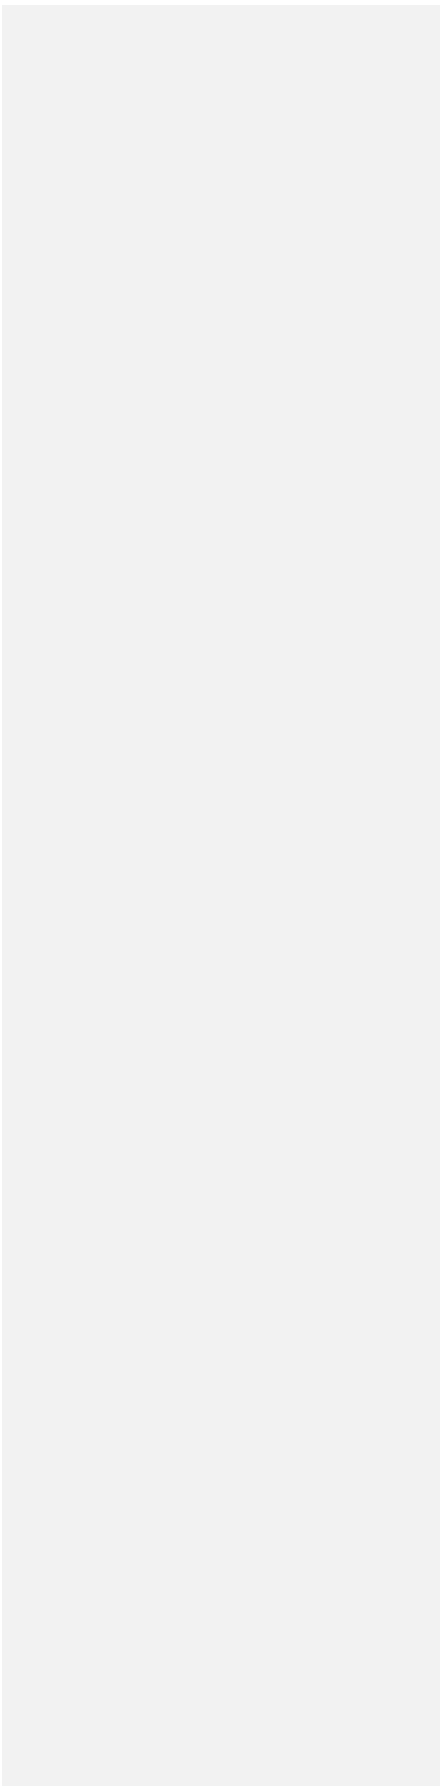

Subjects and Methods:

Results:

Discussion:

References:

Comment [D6]: Follow the punctuation marks carefully. Do not include unnecessary bibliographic elements such as issue number, month of publication, etc. Include names of six authors followed by et al if there are more than six authors.

Comment [S7]: Corrections were done
