

SDI Review Form 1.6

Journal Name:	Asian Hematology Research Journal
Manuscript Number:	Ms_AHRJ_49944
Title of the Manuscript:	FV, FVIII and fibrinogen activity in fresh frozen plasma, frozen plasma and cryoprecipitate: observational cross-sectional study
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	-Increase key words specially include those used as abbreviation. -Sample size can be increased easily. -Include Graphs also. -Kindly use same type of font in whole manuscript as it will look good. -Table should have well defined borders.	- Key words increased including the abbreviated forms - Graphs added - Font adjusted - Tables adjusted - Well regarding sample size, the budget that was allocated for this research area was only enough for working on this sample size, However, larger research budget is being processed now for further studies on the effect of delayed plasma separation on coagulation factors on a larger sample size of 100 units of each component for more detailed and conclusive results
Minor REVISION comments	-Correct grammatical and spelling mistakes	- Spelling and grammar check done
Optional/General comments	-A well written manuscript and great effort but sample size can be increased.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details) No
