<b>Compulsory</b> REVISION comments	<p><b>Nice research work. Here are a few observations:</b></p> <ol style="list-style-type: none"> <li><b>1. Data from a well-structured questionnaire is not enough to base conclusions of a research like this.</b></li> <li><b>2. An economic model will have to be incorporated to support the results from the questionnaires.</b></li> <li><b>3. It would be great to formulate a literature review section that will incorporate some of the information in the introduction section, and more from previous research from related topics.</b></li> </ol>	<ol style="list-style-type: none"> <li>1. A well- structured questionnaire is good enough for this research because it was used for data collection.</li> <li>2. This model is not relevant here.</li> <li>3. This is not necessary here because it is not in line with the guideline for the journal.</li> </ol>
