**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

|                                     | Reviewer's comment  | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|---|---|
| <b>Compulsory</b> REVISION comments | None  |   |
| <b>Minor</b> REVISION comments      | There author should add photographs of some of the farms visited to highlight the layout of such farms  | Not available.  |
| <b>Optional/General</b> comments    | The article is well articulated and very consistent in the style of presenting the facts. Its very educative and in general it has little or no corrections. I recommend it should be published as such if it meet the standard of your in-house policies of publication. |   |
