**SDI Review Form 1.6**

**PART 1: Review Comments**

|                                     | Reviewer's comment  | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)  |
|-------------------------------------|---|--|
| <b>Compulsory</b> REVISION comments | <b>No</b> <u>Compulsory</u> REVISION comments   |  |
| <b>Minor</b> REVISION comments      | <ol style="list-style-type: none"> <li>1. In page 8, line 33, you must replace "equatioins" by " equations"</li> <li>2. Please show how equation (29) is derived.</li> <li>3. Explain the originality of your work in relation to the work already done.</li> <li>4. You must write the references in the same form.</li> <li>5. All references must be mentioned in the text.</li> <li>6. Check all sentences and grammatical error</li> </ol> | <p>Thank you very much for your positive comments and helpful suggestions for improving our paper. We have answered the questions point by point and revised our manuscript accordingly to your comments.</p> <ol style="list-style-type: none"> <li>1. We have replaced 'equatioins' by ' equations'.</li> <li>2. We have shown how equation (29) is derived in front of this formula. Correspondingly, we also showed how equation (33) is derived in page11.</li> <li>3. In line 9-10 of page 14, the originality of the results are mentioned. We also add the explanation of the originality in Conclusions of the paper in relation to the work already done.</li> <li>4. We have checked and revised the references in the same form.</li> <li>5. We have examined the references carefully and all references are mentioned in the text.</li> <li>6. We have checked the spelling and the grammar errors of the manuscript carefully.</li> </ol> <p>Thank you again for your comments.</p> |
| <b>Optional/General</b> comments    |   |  |

**PART 2:**

|   | Reviewer's comment   | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|---|--|---|
| <b>Are there ethical issues in this manuscript?</b> | <i>(If yes, Kindly please write down the ethical issues here in details)</i> |   |
