SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>- Very long Introduction</p> <p>Please give the essential elements Lines 20 to 31 could be the elements of discussion</p> <p>Please explain statistical analysis in Materials and Methods because it constitute the part of this paragraph. What does mean negative values? Lines 103 to 108 are good by we have the figure for this in the text for showing a, b ,c...to compare value. Statistical analysis must be documented</p> <p>Where did-you found or inspire these all methods? In litterature? By experience? Please indicate an author</p> <p>Very interesting results, but the discussion is poor. Please the discussion must be documented.</p>	Correted.
Minor REVISION comments	<p>Sample of cereals (maize, millet and sorghum) and legumes (soybeans, groundnuts, white and brown beans) were collected in Minna, Bida, Abuja, Keffi, Lafia, Makurdi, Gboko, Otukpo, Lokoja, Idah, Ilorin, Lafiagi and Jos in Central Nigeria Why the choice of this area of samples ? In these area people produce more cereals and legumes in Nigeria ?</p>
