

SDI Review Form 1.6

Journal Name:	Chemical Science International Journal
Manuscript Number:	Ms_CSIJ_49849
Title of the Manuscript:	Influence of Heavy Organics Composition on Wax Properties and Flow Behavior of Waxy Crude Oils
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>It is a routine work.</p> <p>It must be corrected: English, there are serious language and drafting mistakes (repetition of sentences, concordances ..) GC data is not provided, it is essential to provide chromatograms</p> <p>Figures 2, 3 and 4 must indicate the magnitudes and the units in the axes.</p>	<p>Two additional chromatograms have been provided. The chromatograms have been limited to 4 for want of space. I believe they are representative of the other 10 chromatograms which have not been provided because of space. Chromatograms (c) and (d) are added. The figure title has been revised and the relevant portion highlighted in yellow to reflect the addition</p> <p>Units in Fig 2, 3 and 4 have been included</p>
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
