**PART 1: Review Comments**

|                                     | Reviewer's comment                                                                                                                                                                                                                                                                                        | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Compulsory</b> REVISION comments | 1. Very little grammatical changes in the document<br>2. The results are too far from the discussion. I suggest they are brought closer to facilitate reading.<br>3. What type of Soxhlet extractor was used?<br>4. Pictures of Palm nut should be removed<br>5. Chromatogram results should be minimised | The manuscript has been modified                                                                                                                                              |
| <b>Minor</b> REVISION comments      | Author must read through again to correct some grammatical errors                                                                                                                                                                                                                                         |                                                                                                                                                                               |
| <b>Optional/General</b> comments    |                                                                                                                                                                                                                                                                                                           |                                                                                                                                                                               |

**PART 2:**

|                                              | Reviewer's comment                                                    | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
