

SDI Review Form 1.6

Journal Name:	International Journal of Biochemistry Research & Review
Manuscript Number:	Ms_IJBCRR_49940
Title of the Manuscript:	Eukaryotic Multi-subunit DNA dependent RNA Polymerases: an Insight into their Active Sites and Catalytic Mechanism
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments		
Optional/General comments	The manuscript is interesting and worthy of publication in IJBCRR after shortening (e.g. supplementary materials or deposition in open databases).	Thank you for your comments. Already I shortened the manuscript; in fact, it was originally ~ 90 pages. Only highly conserved motifs are shown in the Figures to understand and appreciate the level of conservations among the subunits. I am afraid further reduction will spoil complete understanding and any further interpretation of the sequence motifs.

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
