**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

|                                     | <b>Reviewer's comment</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             | <b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Compulsory</b> REVISION comments |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |                                                                                                                                                                                      |
| <b>Minor</b> REVISION comments      | In general this paper is qualified with publication. 1)there are some writing errors in it, e.g. "given <b>that that</b> " in the last L11 page 2;"Determining <b>if if</b> government " in the last L7 Page 2;"to emphasize the provision of measures <b>to to</b> ..." in L18 page 3; "by <b>Hart[9]'s</b> " in L13 page 4,"in <b>units</b> " in L23 Page4;" <b>don</b> not"the last L2 above 4.3 page 8. There are also some grammar mistakes.e.g."that about 56.3% ... <b>to not</b> participate.. "in the L4 page 4... 2) What the variables of $X_1, X_2...X_{14}$ stand for should be illustrated. That would be much clearer. | Thanks, the typos have been duly noted and corrected manually and with the use of Grammarly<br><br>All reviews are duly noted and corrected.                                         |
| <b>Optional/General</b> comments    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |                                                                                                                                                                                      |

**PART 2:**

|                                                     | <b>Reviewer's comment</b>                                             | <b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
