EDITORIAL COMMENT'S on revised paper (if any)	Authors' response to editor's comments
<p>1. I could not find in a map (fig. 1? Fig. 3?) the trace of the section shown in Fig. 2.</p> <p>2. In addition, section in Fig. 2 should be in agreement with the following geological sketch (fig. 3).</p> <p>3. Still, in the map in fig. 3 the Legend is missing (what's the meaning of the different colours? Lithotypes/geological formations should be given).</p> <p>After such minor revisions, the manuscript could be considered for publication.</p>	<p>I submit the revisions and modifications suggested for the work submitted.</p> <p>Here are the changes:</p> <p>1. In the map Fig. 3, the trace of the section shown in Fig. 2 is inserted.</p> <p>2. The section in Fig. 2 is with the geological sketch according to the reference cited in the paper.</p> <p>3. The legend was inserted in the map of Fig. 3.</p>
