**PART 1: Review Comments**

|                                     | Reviewer's comment                                                                                                                                                                                                                                                                       | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Compulsory</b> REVISION comments |                                                                                                                                                                                                                                                                                          |                                                                                                                                                                               |
| <b>Minor</b> REVISION comments      |                                                                                                                                                                                                                                                                                          |                                                                                                                                                                               |
| <b>Optional/General</b> comments    | This manuscript entitled as "Inhibitory effect of hydroalcoholic extract of Olive leaf (olea europaea) on growth of Candida albicans" does an excellent research work conducted by authors. Methodology is superb. I found this manuscript suitable for publication without any changes. | Thank you                                                                                                                                                                     |

**PART 2:**

|                                                     | Reviewer's comment                                                    | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-----------------------------------------------------|-----------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Are there ethical issues in this manuscript?</b> | (If yes, Kindly please write down the ethical issues here in details) |                                                                                                                                                                               |
