

**SDI Review Form 1.6**

Journal Name:	<a href="#">Microbiology Research Journal International</a>
Manuscript Number:	Ms_MRJI_49904
Title of the Manuscript:	Hydrocarbon degradation potential of heterotrophic bacteria isolated from oil polluted sites in sakpenwa community in rivers state
Type of the Article	

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	The aim of the study is not clearly defined. Methodologies are poor and the experimentation is incompletely described ! The paper need to be reorganised !	The paper has been modified
<b>Minor</b> REVISION comments	line 31 : South-South ??? line 44 : what is the aim of the present study ???? line 50 : "soil sampler" ??? line 64 : "nutrient agar plate" some details concerning this media could be useful ! line 89 : ... "to check whether ... negative" this could be deleted. In fact all the chapter gram staining could be deleted !!!! line 172 : delete "diversity" line 180 - 294 : All this part (including table 4 and fig 1-6) describe results corresponding to a degradation experiment which is not described in the Materials and method section !!!!	
<b>Optional/General</b> comments		

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
