

**SDI Review Form 1.6**

Journal Name:	<b>Physical Science International Journal</b>
Manuscript Number:	<b>Ms_PSIJ_50145</b>
Title of the Manuscript:	<b>Calculation of Relative Uncertainty when Measuring Physical Constants: CODATA Technique vs Information Method</b>
Type of the Article	<b>Original Research Article</b>

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

	<b>Reviewer's comment</b>	<b>Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</b>
<b>Compulsory</b> REVISION comments	No major revisions requested.	<b>Thanks.</b>
<b>Minor</b> REVISION comments	No minor revisions requested.	<b>Thanks</b>
<b>Optional/General</b> comments	The paper analyses the mathematical consistency of the measurement of Physical constants based both on the dependence on the model and on the measuring apparatus. The references proposed are interesting and updated.	<b>Thanks</b>

**PART 2:**

	<b>Reviewer's comment</b>	<b>Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</b>
<b>Are there ethical issues in this manuscript?</b>		<ol style="list-style-type: none"> <li>1. I, the alone corresponding author, am authorized to submit this manuscript.</li> <li>2. Submission of the manuscript represent that the manuscript has not been published previously and is not considered for publication elsewhere.</li> <li>3. The manuscript, or any part thereof, is in no way a violation of any existing original or derivative copyright.</li> <li>4. The manuscript contains nothing obscene, indecent, objectionable or libelous.</li> <li>5. Declarations of interest: none</li> </ol>

As per the guideline of editorial office we have followed VANCOUVER reference style for our paper.
