

SDI Review Form 1.6

| | |
|--------------------------|------------------------------------------------------------------------------------------|
| Journal Name: | Asian Journal of Agricultural Extension, Economics & Sociology |
| Manuscript Number: | Ms_AJAEES_49937 |
| Title of the Manuscript: | Effects of Urban Expansion on Agricultural Resources: A Case Study of Embu Town in Kenya |
| Type of the Article | Original Research Article |

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Compulsory REVISION comments | | |
| Minor REVISION comments | <p>I think the author's research achieves the purpose of the study. The results and discussion sections are very detailed, while the material and method sections need to be further improved. My minor comments are as follows.</p> <p>[1], Please provide a spatial location figure of the study area so that the readers can understand the spatial location of the study area.</p> <p>[2] Provide the formula of pearson correlation coefficient in material and method sections as you used it in line 349</p> <p>[3] For section of 3.2.5 main source of agricultural water, it is unclear how do you collect water information and statistical analysis. You should provide this in material and method sections</p> | |
| Optional/General comments | | |
