

Table 1: Summary of Pearson's correlation of the relationship between Agreeableness and Academic Underachievement among secondary school students

| | S.D | n | df | α | r | p | Remark |
|---------------------------|-----|---|-----|----------|-------|------|-------------|
| Agreeableness | | | 198 | 0.05 | -0.87 | 0.00 | Significant |
| Academic Underachievement | | | | | | | |

KEY: \bar{x} =Mean, SD = Standard Deviation, n = Number of Respondents, df = Degree of Freedom, α = level of significance, r = correlation coefficient, p = Significance (2-tailed)
